USEFUL ELECTRONIC RE-SOURCES

Provided by NMS/FCM> LIBRARY

To access remotely to subscribed NMS|FCM resources install VPN (see NMS|FCM online> Electronic Services).

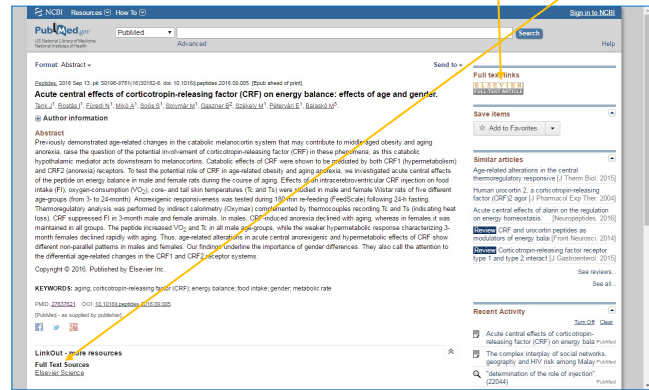

Teachers speak about searches in a highly important database who allowed access to scientific journals....

Excellent to provide a range of scientific articles by subject. Go to tutorials to know how to search by Author, Title, Subject

Acceded by. Online Library > Electronic Resources > Databases > PubMed

In PubMed you search all the journals subscribed by NMS|FCM through the publishers window or Link Out feature..

If you can get the PDF article in those options, try to put the article Title in Google Scholar and see the results (and citations number). To search in Clinical areas use PubMed Clinical Queries! Try out or ask for help at the Library (Information Service Desk, level 0).

You heard about “b-on”...

To know what is the national Consortium b-on, who provides access to thousands of journals searched by publishers above:

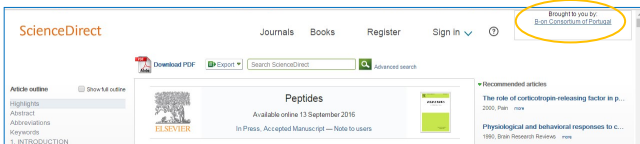

Online Library> Electronic Resources > Journals

You can search journal articles and eBooks via b-on (online knowledge library):

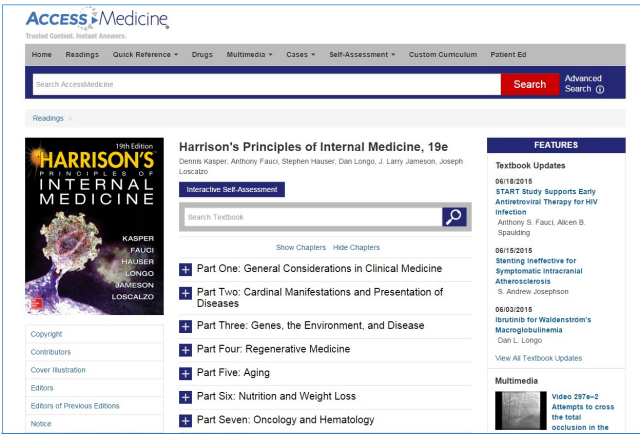

BUT the search by subject must take place at PubMed who recover the articles provide by b-on and electronic journals subscribed at NMS/FCM.

You don't want to waste time searching Harrison on paper...

ACCESS>Medicine Try to use the eBook collection Access Medicine excellent to accede to a chapter of the book by subject from: Harrison's Principles of Internal Medicine (2015) or Current Medical Diagnosis & Treatment.

Online Library > Electronic Resources > Ebooks

If you think a library Catalogue is useless ...

Find out it can be useful for manuals, books, thesis search by Author, Title, Subject. See if a book is free for borrowing, for instance.

Online Library> Entry Page > Catalogue
